

# SeaScope Aquatic Activity Folios

SeaScope Aquatic Activity folios are written by teachers, for teachers. The activities use an exciting new technology called Scope-On-A-Rope, a flexible video microscope. Visit <http://www.scalarscopes.com> for more information.

Five folios on aquatic topics are available:

- ◆ Looking for Ol' Crusty (Crawfish)
- ◆ Trailing the Snail
- ◆ Secrets of Sand
- ◆ Mosquitos: Their Place on the Planet
- ◆ Squidology

Each **SeaScope** folio includes:

- ◆ Background information
- ◆ Detailed procedures
- ◆ Blackline masters
- ◆ Assessment ideas
- ◆ Resource lists for students and teachers
- ◆ Correlations to the National Science Education Standards

### Also Available:

#### Scope-On-A-Rope How-To Book

Learn how to make the best use of your Scope-On-A-Rope. Written in easy-to-understand language, this book gives a multitude of tips on how to best view particular samples, how to measure using Scope-On-A-Rope, and how to maximize and extend your scope's usefulness.
